THE LONDON HELIPORT

Is the only licensed heliport in London and is conveniently located near Battersea for easy access to the West End. The London Heliport is classed as one of the most advanced in Europe and provides users with high levels of comfort and convenience.

Centrally located on the south bank of the River Thames opposite Chelsea Harbour, the London Heliport has provided a vertical gateway to London for VIPs, celebrities and the business community for over 50 years. Our Operation Team can organise everything aspect of your journey. You pick the points of departure and arrival, they will arrange your itinerary, from chauffeured transfers to hotel accommodation.

SPORTING & OUTDOOR EVENTS

Typically attract large numbers of spectators, therefore large numbers of vehicles and thus the inevitable traffic chaos.

Why not therefore fly over traffic queues to get to your desired sporting or outdoor event on time and in style by chartering your very own helicopter for the day. There is no need to ever again miss the start or end of a game or event, even if it goes on longer than expected owing to weather delays, penalty shoot outs or numerous match points.

Flying gives you great flexibility so you arrive when you want and leave when you want, not worrying about the traffic on the way home and the prospect of facing long arduous journeys. Traffic jams take away from the experience, lessening the occasion so why spend hours not moving? Arriving in comfort and style, sipping champagne on the way, adds an extra special dimension to your enjoyment.

Enjoy the luxury and magic of your helicopter flight, whether you are a group of motor racing fans, horse racing enthusiasts, golf devotees or music fans attending a festival. You will get to your events on time and enjoy the experience of travelling there.

Relax knowing that your dedicated flight manager will pay attention to all the details that matter to you on your journey and for the time you are at the venue enjoying your day.
